Dear Mr. Dulles:

I want to express to you my deep appreciation of your graciousness in sending the autographed photograph so promptly. The faculty and students join me in sincere thanks for your kindness.

You would feel more than repaid if you could see the eagerness and enthusiasm which this collection is stimulating among our students. I feel confident that it will do much to broaden their interest in world affairs.

If you should make a Western trip, we would feel very honored if you could stop in El Paso and see our museum.

We all send you our sincere good wishes for your continued success.

Cordially yours,

Lucinda de Leftwich Templin
